Empowering the voice of  
teens & fostering positivity

Lentera Anak Pelangi

## About the teens comic book project:

We are proud to announce a creative collaboration project with the teens of Lentera Anak Pelangi (LAP).

Through the teen comics, we hope to share our personal stories, journeys, dreams, and hopes in a more creative way and fun to read.

It's worth noting that each comic series was entirely created by the teens themselves. They learned about storyboards and how to use app tools such as Canva and AI (Artificial Intelligence) to convert digital photos.

As you explore their narratives, we sincerely hope that their voices and experiences resonate with you, inspiring empathy, understanding, and a sense of connection with these remarkable young individuals.

## Support Teens in Need

Join us in supporting our young friends in need. Proceeds will go to Teens Programs, including life skill/education training, youth leadership empowerment program.

Episode 2

Hey you really like Van Gogh, don't you?

Like Van Gogh's painting Starry Night right?

That's my idol. Who is your idol?

I like Erica Richardo's paintings. She is my idol...

Do you think we can be like them?

Yes I think we can, I also want to be like my idol.

An illustration of two people sitting at a wooden table in a study or office environment. The person on the left is wearing a white face mask and a light-colored shirt, looking at a smartphone. The person on the right is wearing a dark blue sweater and is writing in a notebook with a pen. On the table, there are several water bottles, papers, and a smartphone. The background shows office chairs and a wooden floor.

If we want to be like them  
we got to study hard from

# MY DREAM TO BECOME A STORY WRITER

Episode 4

Hmm... I guess  
being a novel  
writer would be  
cool yeah!!

But...

If I wanted to be a  
writer, what kind of  
stories do I want  
to write?

Ooh, I know! I  
want to write  
about my idol!

Yeah, but I think  
that's a little boring,  
is there anyone  
who would want to read  
that?

A woman with dark hair tied back, wearing a black hoodie and a black face mask, is seated at a white desk. She is looking down at a large sheet of paper she is working on. On her chest is a white name tag with the name 'Liam' written on it. To her right, on the desk, is a small wooden pen holder with several pens, a stack of two notebooks (one green, one black), and a circular wooden sign with the text 'aspire to inspire' and a starburst graphic. A yellow speech bubble with a white border is positioned above her head, containing the text 'That's okay, the important thing is to start first!'. Three yellow stars of varying sizes are floating in the upper left corner of the image. The background is a plain white wall.

That's okay,  
the important  
thing is to start  
first!

A circular wooden sign with a light-colored wood grain. At the top, there is a graphic of three stars with motion lines trailing behind them. Below the graphic, the words 'aspire to inspire' are written in a black, cursive script font. The sign is leaning against a white wall.

A yellow sticky note is pinned to a blue background with two pink clips at the top. The note features a simple smiley face with two dots for eyes and a curved line for a mouth. Below the face, a white text box contains a quote. The quote is written in a black, sans-serif font. The sticky note has a slight shadow and some white motion lines at the corners, suggesting it is floating or being placed.
